& JULIEN

WHY DID 400+ COUPLES TRUST US TO CAPTURE THEIR TIME TOGETHER IN SCOTLAND?

Yes, it's true that Scotland is the most captivating and magical place on Earth. And for some, having a photoshoot is a way to document their trip.

But we like to think that *all* of our couples leave Scotland with something significant..

They take home a gallery of breathtaking and *tangible* memories. They own a *keepsake* they're proud to share with friends and family. They cherish photographs that commemorate their *shared* Scottish experience.

That's why we offer a range of Couple Photography sessions in some of Scotland's most beautiful countryside, so you too can have this special experience, together, during your time in Scotland.

A wicker picnic basket is open on a grassy field. Inside the basket, two bottles of Ledaig whisky are visible. One bottle is labeled 'LEDAIG' and the other 'LEDAIG 798'. The basket is surrounded by dry grass and a pair of sunglasses lies on the ground next to it. Two glasses, one of which is tipped over, are also on the ground.

Packages Four & Five

A man and a woman are sitting on a large, dark rock in a grassy field. The man is wearing a white long-sleeved shirt, a blue and white plaid kilt, white socks, and black shoes. He is holding a glass of whisky and looking at the woman. The woman is wearing a black top, a red skirt, and glasses. She is also holding a glass of whisky and looking at the man. In the background, there is a large, old stone tower with several windows, some of which are red. The sky is a warm, golden color, suggesting sunset or sunrise.
